Full-year students

Our Residences Office can guarantee an offer of a single occupancy place in university residences if you are studying with us for a full academic year providing you apply by the specified deadline.

One-semester

Our Residences Office cannot guarantee School Exchange students a place in university residences if they are completing a placement in the Autumn or Spring semester only. Students may apply for university accommodation but there are not sufficient rooms to house all applicants. Therefore, early application is advised. Students will be given housing support for their programme. Please note, there are challenges in accommodating students in the Autumn term and finding private rooms in the city. We encourage students to consider the Spring or Full Year programme where university and private accommodation are much more readily available. We do not recommend students arrive in Cardiff without having secured accommodation.

Types and Fees: On-campus single occupancy bedroom. Fees currently range from approximately £5,800 - £8,000 per year. For single semester contracts, a pro-rata rate will be applied.

Housing Application Deadline: Application deadlines can vary - late July (Autumn/Full year), November (Spring).
